

## Lisa Desautels Recommendation

To whom it may concern:

Over the last 12 years N8-3D Solutions has worked with Lisa Desautels at Graphic Imaging on Various projects with different size and scopes of work.

Lisa has not only been a pleasure to work with but her professionalism and competence in records management and Document Imaging has kept our company going back to her and Graphic Imaging time and time again.

As a busy professional, it is so nice to team up with someone who knows the ins and outs and pitfalls of our project needs. Her knowledge of our business process and project requirements have made a significant impact on our projects being delivered on time and under budget.

In one particular project, we engaged Lisa Desautels and Graphic Imaging to lead the scanning and indexing portion of a major project for Pacific Gas and Electric Company. Frankly, we could not have done this project without her and her team's skills. They brought years of experience to the table which allowed us to develop processes and protocols around their expertise. Our client was very happy to have a project of this magnitude completed on-time and under budget.

On another project we returned to Lisa Desautels and Graphic Imaging for her expertise again in Records Management and Document Imaging for a large Hotel Casino Operator here in Las Vegas. Again, Lisa demonstrated in depth knowledge of the subject matter and led the Team in delivering yet another large scale project on-time and under budget. I cant emphasize enough the significant impact and contributions she has made to our company's reputation and project completion.

I enjoy Lisa's enthusiasm and optimism as well as her 'Can-Do' attitude. Lisa Desautels exemplifies Team Work, coordination and collaboration. She has been a breath of fresh air to us on some rather stagnant projects. We will continue to engage Lisa Desautels and Graphic Imaging continually on future projects again welcome her contributions.

To close, I highly recommend Lisa Desautels as the nominee for the AIIM Service Award. Her contributions to the industry have made a significant impact on many businesses around the country and our ability to move organizations into the 21<sup>st</sup> Century in relation to Records Management and Document Imaging.

Sincerely,  
Robert E Bess  
President N8-3D Solutions Inc
