To Whom It May Concern:

I am pleased with Graphic Imaging Services. The Pima County Assessor's Office has worked with many scanner suppliers over the years, but Graphic Imaging Services is truly the best of the bunch.

The product is surprisingly affordable and the delivery of the scanner was on time. Their service after the sale is outstanding.

Our IT Dept agrees. We plan to purchase all of our future scanners from Graphic Imaging Services. Thank you for selling us such a quality product.

Sincerely,

DOUGLAS BRUNS ISM
