SCANNER REPAIR AND MAINTENANCE SERVICES

REPAIRS AND MAINTENANCE BY CERTIFIED TECHNICIANS

We have Certified Technicians on staff for all major scanner brands. These maintenance technicians are always available to clean, service, and repair your scanning equipment.

We strive to respond ON-SITE by the NEXT BUSINESS DAY to get your scanning project back to operational as quickly as possible.

Our scanner repair services provide a full equipment check to catch issues early on before they become real problems.

FIRST TIME FIX COMMITMENT

We repair over 85% of equipment problems on the first visit. We have a commitment to quickly resolve any equipment issues so that your organization's scanning services are not interrupted.
